Hosting & Security

Get peace of mind. Wix provides top-grade, reliable hosting & security for your website.

Hosting & Security

- **99.99% Uptime**

Wix's reliable hosting solution guarantees uninterrupted service.

- **Secure Wix Cloud**

Everything is hosted here, so you can quickly & safely make updates to your website anytime.

- **TLS Security Standard**

People will view your site over an HTTPS connection with TLS, the latest security standard.

Why you'll love all of this:

Be sure your website is safe from hackers — without the hassle of different providers and extra fees.

Industry Leading SEO for Your Website

Make it easy for people to find your website on Google, leading search engines & local directories. Wix gives us the tools we need to effectively optimize your website for search engines.

Industry Leading SEO

- **Personalized SEO Plan Made for Your Website**

With step-by-step walkthroughs, it's quick & easy to get your SEO done right.

- **Keyword Analyzer**

We can be sure we're using the strongest keywords for your website.

- **Google Analytics**

We can track how visitors arrive & behave once on your site.

- **Blog**

Maintaining a blog is a great way to boost your SEO.

- **HTTPS & TLS Security Standard**

People will view your site over an HTTPS connection with TLS, the latest security standard.

Unlimited Storage

Your Wix website can have as many web pages, text, images as you want.

We can also set up databases to store & manage your site's content.

Then we can decide where and how to use this info on your site.

Custom Domain

I.e. yourbusinessname.com

Your domain is the online address of your business.

A custom domain name gives you credibility and helps customers find you. Wix offers great options for getting your own personalized domain name.

Custom Domain

- **Choose the right domain and register it with Wix**

Pick from 45 top-level domains including .com, .org, .net, .info, .biz, .co.uk & more

- **Connect a domain you already own**

Already have a domain name? We can connect it to your Wix website.

Professional Email Address

Wix partners with Google to offer you a professional email address with your unique domain.

- Build credibility & trust with your customers
- Look professional when you send emails & invoices
- Get more exposure for your brand

For Example:

[info@mystunningwebsite.com,](mailto:info@mystunningwebsite.com)

[sales@mystunningwebsite.com,](mailto:sales@mystunningwebsite.com)

[name@mystunningwebsite.com,](mailto:name@mystunningwebsite.com)

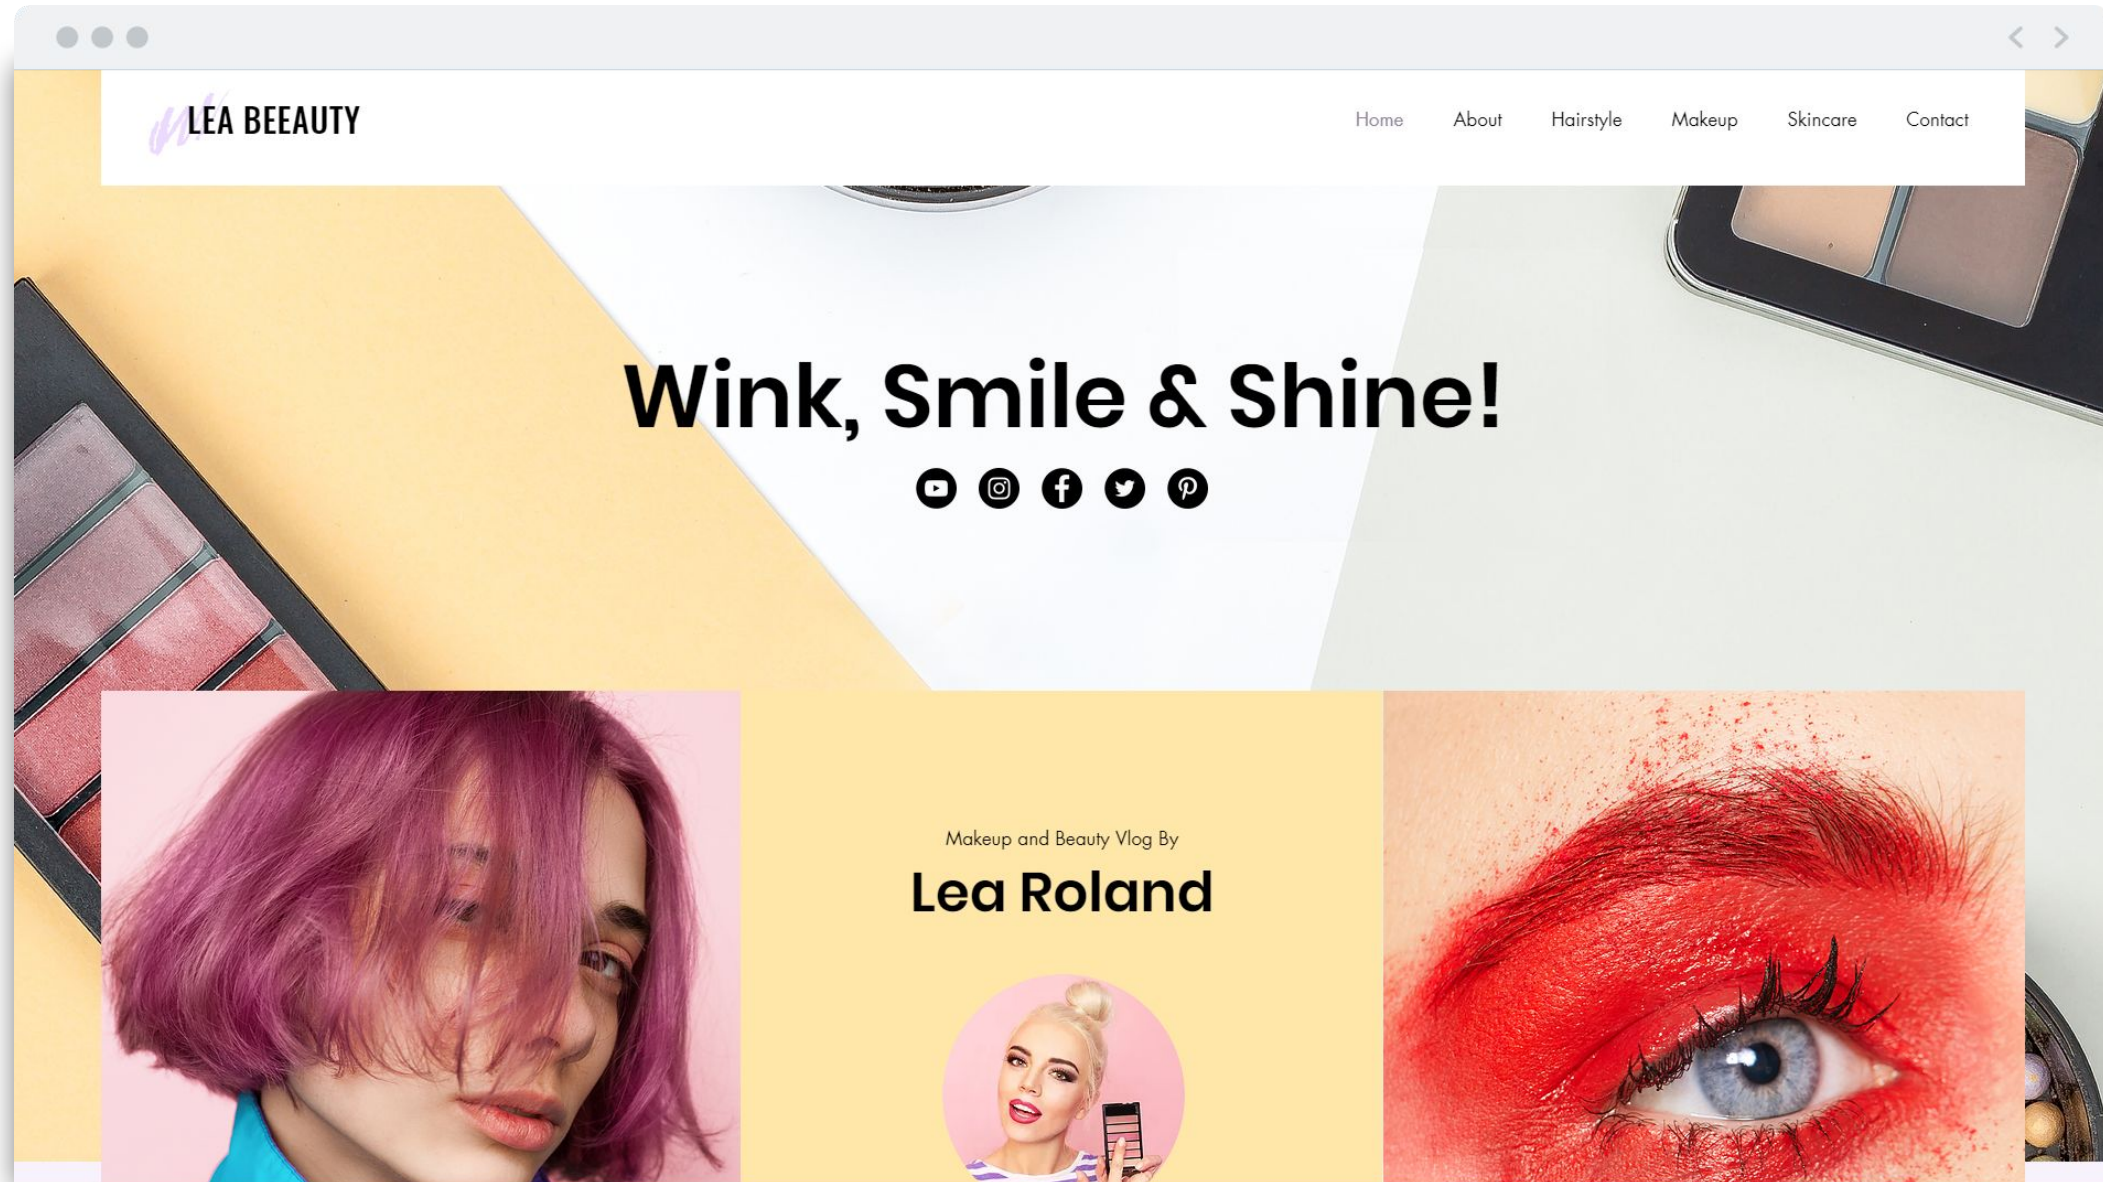

contact@mystunningwebsite.com

Professional Email Address

Every business email address includes:

- A personalized email address
- 25GB email inbox size
- 5GB cloud storage space
- Calendar & Docs
- No ads
- 99% uptime guarantee
- 24/7 support
- Mobile device management

Website Design

- Impressive Design Features
- Advanced Website Features
- Advanced Content Management
- Advanced Code Capabilities
- Professional Logo Design

Professional Web Editor & Impressive Design Features

The world's most innovative web platform gives us the freedom to design the website you want.

Professional Web Editor & Impressive Design Features

- **Stunning Templates**

500 designer-made templates for every type of website.

See one you like? We can use it as a starting point or start from scratch.

- **Beautiful Stock Images**

Millions of professional, high-resolution images available.

- **Media Galleries**

30+ stunning galleries to display images & videos exactly the way you want.

- **Video Backgrounds**

Impressive video backgrounds to transform your website.

- **Design Effects**

Fun animation, 3D parallax effects, and interactive hover experiences.

- **Mobile Optimized**

With Wix, you can feel confident your website will look great on all devices.

Advanced Features for Your Website

- **Unlimited Pages**

Your website can have as many webpages as you need.

- **Search Bar**

Make it easy for people to search for what they're looking for.

- **Protected Pages**

Have private web pages that only specific people can enter.

- **Members' Area**

Create an exclusive area for members only.

- **Secure Images**

Protect your images with a built-in watermark and password.

Get a Professional Logo Designed for Your Business

Build trust and grow your brand with your own unique logo.

With Wix, we can design a logo for you that you can use anywhere — your website, business cards, printed materials and more.

Advanced Content Management

With Wix, we can store & manage your site's content in databases. We can both edit this database, and I can easily use this information anywhere on your site. If you already have a database, I can easily use it for your Wix website.

Example 1:

Let's say you're a real estate agent with 100s of listings you want to display on your site. Each listing should have its own page with the name of the property, price, pictures and some basic info. We can enter each listing into the database, so I can very efficiently create a new page for each. Then, when a listing is no longer available, we can instantly update that on the website.

Example 2:

Let's say you want a newsfeed on the homepage of your website. Each newsfeed should have a title, intro paragraph and image. We can enter the newsfeed story into the database, so I can very efficiently add it to your site.

Advanced Code Capabilities

With Wix, we can build robust websites and custom web applications for you. This may sound complicated, but here are the types of things we can do for you.

- **Create a website with 100s of unique pages**

- **Create custom forms & quizzes so you can collect info you need**

All the data you collect will automatically be stored in your database and can be used anywhere on your site.

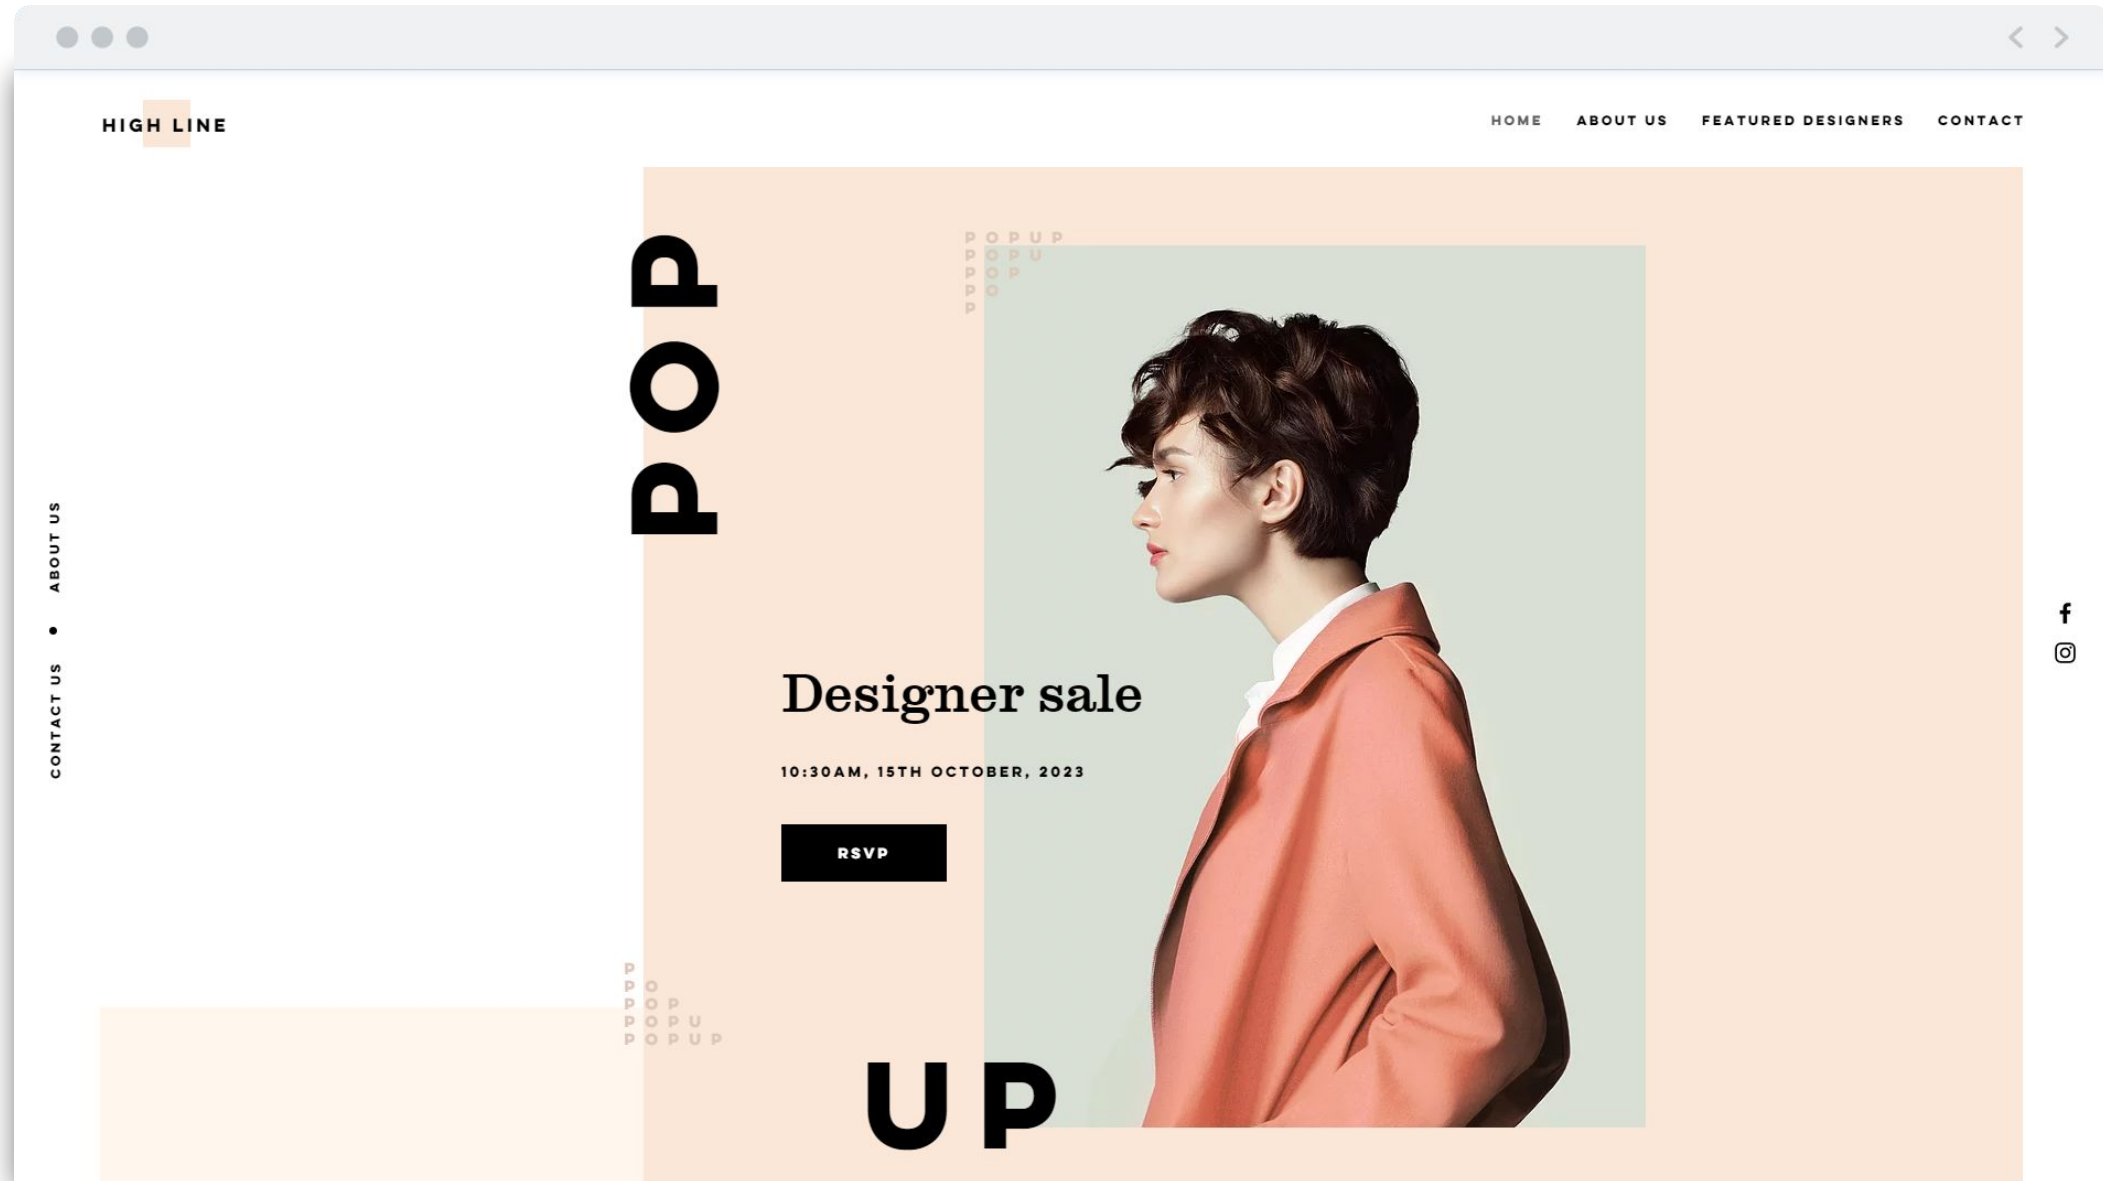

- **Make your website more interactive**

For example, we can create a custom interaction when users click a button, hover over something or scroll.

- **And much, much more.**

With Wix, the possibilities are really endless
